To Whom It May Concern

This is the first year that Lawrence Elementary has had Kids Adventures as their after school program provider. Lawrence Elementary is located in Olde Towne Arvada. Our school has never had an after school daycare due to so many of our parents inability to pay for the care. Thus our students were at home without care.

Kids Adventures approached our school with an innovative program that allowed our parents to provide care for their children before and after school. Kids Adventures has a sliding scale for parents dependent on income and charges parents only when the children come.

We were not sure how successful our program would be. As of today we have thirty students enrolled. The parents are thrilled. The children are thrilled. They know that their children are safe and well cared for. Kids Adventures worked closely with our staff to craft a program that would meet the needs of our school and children. The staff has been more than responsive and works closely with staff and parents. Michelle, our site director, is an integral part of our staff. She continually seeks feedback and truly cares about each of the children in her care.

The administrative staff of Kids Adventures is on a mission to provide quality care for children at a reasonable cost. I would strongly encourage you to take time to talk to Tom and his staff.

If you would like to personally speak with me regarding our program, do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink that reads "Beth Morganfield".

Beth Morganfield
